CERTIFIED MAIL-RETURN RECEIPT REQUESTED

Dear Dr. Koch:

We were informed on September 5, 1968, of the placement of certain materials by you and others in the vicinity of your summer homes at Mineral King. Of course, placement of these materials without a permit is in violation of Federal regulations. If everyone coming to the National Forest were allowed to do this the situation would soon get out of hand and quite messy.

We are sorry if we have inconvenienced you in any way. We have no intention of keeping the materials picked up and would like to return them to you. We will do so if you will inform us to whom they should be mailed in this area.

If you were planning to return to Mineral King this fall please let us know so that we will be available to discuss this matter.

Sincerely yours

Robert N. Werner
